Departmental Project

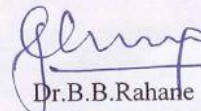

COMPLETE BLOOD COUNT OF GIRLS

Date: 30/01/2019

Report of Departmental Project

Generally it is observed that most of the girls students of the our college are anaemic, they face the problems of weakness, dizziness in the classroom or in the laboratory when they are busy in their works. These teenagers are not health conscious so they are face the many health related problems to overcome these problems **Department Of Zoology** organised **Complete Blood Count** of girls in the Collaboration with **Rural Hospital Yeola** on **30 Janauray 2019**.

Seventy Two girls are actively participated in the camp. Result of this complete blood count check up indicate that out of seventy two 16 students are having haemoglobin level less than 12 mg/dl . These students are advised to have iron containing diet in their daily meal
