

INSTITUTIONAL DISTINCTIVENESS: 2017-18

Shri Gurudeo Shikshan Prasarak Manda's, Yeola Dist. Nashik is our parental institute. Distinctiveness of our parental institute is that all the members of the governing body are farmers and are from poor families and no political background.

Parental institute as well as our Swami Muktanand College of Science, Yeola have no financial support from any politician or from any industry except salary grants from the Maharashtra government.

Swami Muktanand College of Science is the only science college located in a rural area which is only one grantable college, so the expense on the education becomes affordable for poor students from the village in the vicinity of Yeola tahasil.

The college opened the door of science education to the girl students residing in rural and poor areas. The number of girl students is always more than the boys. Out of the total strength of the college, 80% students are the girl students

The teaching learning process in our college is very effective. The college has five departments viz. Mathematics, physics, Chemistry, Botany and Zoology. The teaching experience of our teachers is about 20 to 26 years and 6 teachers awarded Ph. D. degree. The holistic development of student is achieved by social service, leadership and cultural activities.

The overall development of students is achieved by facilitating their participation in various activities such as Spots, NSS, Cultural programme.
